

POWERED BY PURECROP NANOTECH

Guaranteed Analysis: Soluble Potash (K20) 1%

Derived from Ascophyllum nodosum

This product is intended to be used to correct potassium deficiencies in conventional crops and soil.

Consult your agronomist on timing and application rates.

Manufactured by

PO Box 1246 Ukiah, CA 95482 (707) 972 - 5650

MIXING INSTRUCTIONS

- No Surfactant needed.
- · Buffer water to 5.5 pH before mixing.
- Add ColloidalSea last to the tank.
- · If using calcium, add to mixture last.
- · Agitate prior to use.
- Apply in foliar or root application systems early in season, continuing throughout season.

COMPATIBILITY

- ColloidalSea is compatible with most fungicides, insecticides, and fertilizers.
- Use caution when mixing with chloride based nutrients.
- Before mixing ColloidalSea with other chemicals, perform a jar test to confirm compatibility.
